

### For Cabin Roof, Flybridge and Radar Arch Installations

#### Composite PowerTower®

- Single 'monocoque' structure with no joints
- 6"/150mm or 14"/350mm heights available
- 30° aft leaning profile
- 8"/200mm sq. base footprint

#### Available Accessories

- GPS / VHF Antenna Mount
- Nav Light Mount

#### Stainless PowerTower®

- 316 marine grade stainless steel
- 6"/150mm height
- 30° aft leaning profile
- 6"/150mm sq. base footprint

#### Available Accessories

- GPS / VHF Antenna Mount
- Nav Light Mount

#### Aluminium PowerTower®

- Marine grade 6082 aluminium
- 5"/130mm or 10"/250mm heights available
- 25° forward leaning profile for radome installations
- 30° aft leaning and 6"/150mm height profile for open array installations
- 7"/180mm sq. base footprint

#### Available Accessories

- GPS / VHF Antenna Mount
- Nav Light Mount

#### Dual PowerTower®

- Installs satcom above the radar, eliminating antenna interference
- Minimal mounting area required
- Integral cable management system

#### Available Accessories

- GPS / VHF Antenna Mount
- Nav Light Mount

#### Compact Dual PowerTower® (as before)

- Lightweight fabrication, only 8.37 lbs / 3.8kg
- 250mm low profile / 200mm sq. base footprint

#### Available Accessories

- GPS / VHF Antenna Mount
- Nav Light Mount

#### Satcom/tv PowerTower® - available in stainless & aluminium

- Raises antenna by 12" / 300mm
- Available in stainless (30° aft leaning profile) and aluminium (non-leaning)

#### Available Accessories

- Nav Light Mount

#### Satcom Antenna Mount

- Minimises footprint of satcom/tv domes by up to 60%
- Adapter Mount fixings hidden internally

#### Available Accessories

- Adjustable Base Wedge

Please see overleaf for Powerboat product guide.

## SAIL BOAT PRODUCTS - Installing KVH antenna

### For Mast Installations

#### Mast Mounts

- Attached to the mast by four swivel feet to match the profile of any mast
- 12 point fixing using high quality monel rivets
- Finished in polyester powder coating with a durable gloss white finish

#### Available Accessories

- Radar Guards
- Mast Mount Adapter Kit (for masts with an integral track)
- Cable conduit

### For Pole Mount Installations

#### SC100 Pole Mount

- Available in 1.9m/6.4' and 2.5m/8.3' lengths
- Unique adjustable base, able to rotate through 360°
- Base diameter of just 80mm/3.1"
- Will fit on angled decks, narrow swimming steps and steeply sloping transoms
- Supplied with two support modules to provide maximum fore/aft and sideways bracing

#### Available Accessories

- GPS / VHF Mounts
- Nav Light Mount
- Lifting Crane
- Deck Flood Light

#### SC2 Pole Mount

- Available as through deck and deck mounted installations:
- SC2 Through Deck Mounted (Available in 3.0m/10' and 4.0m/13' heights)
- Provides maximum stability for taller installations and heavier antennas
  - Unique collar system clamps pole at deck level and also at base inside boat
- SC2 Deck Mount (Available in 1.0m/3.3' height)
- Ideal for installing larger antennas on cabin roofs, low arches and other areas where minimal elevation is required

#### Available Accessories

- GPS / VHF Mounts
- Lifting Crane
- Deck Flood Light
